

How to create
A culture of growth
without ruffling too many feathers

September,
year one
of
implementation

June,
year one
of
implementation

How
do we
survive?

An investment in people

Meeting the needs of all learners,
novice to experienced

Building an infrastructure

Joint ownership,
joint decision making

Common message to all parties

Common training

Be

Accessible

Don't let people go it alone -
Common tools...

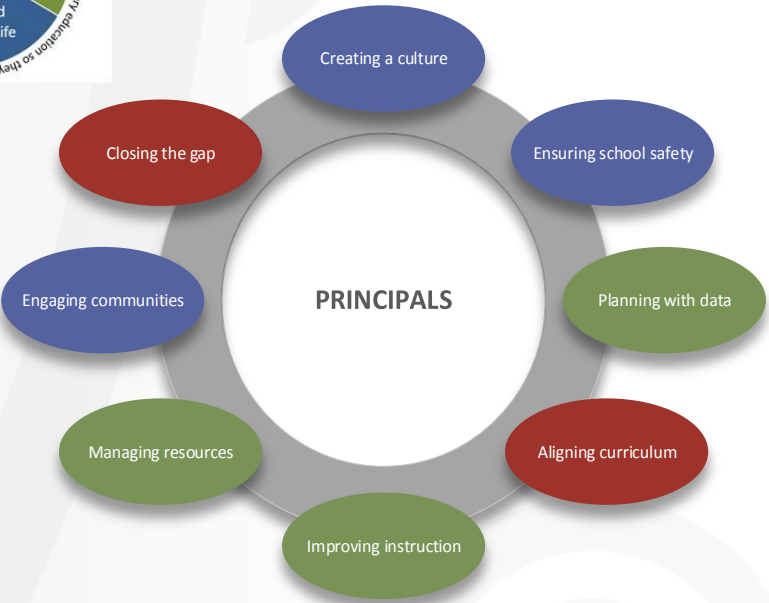

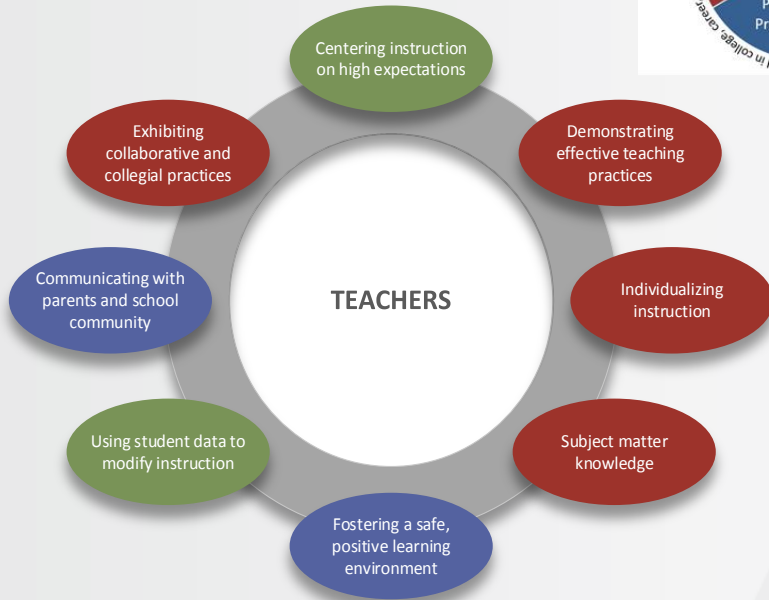

Leveraging
Existing
Opportunities

Time,
everyone's
enemy

Culture

Data

Content

Instruction

Community

Integrate into everything, every day

Make
professional
growth
a
priority

Leave
room
to grow

One word...

Streamline

What teachers and principals do every day is important

We are the professionals
