2	How to support students with Dyslexia.	5/15/2016 2:14 PM
3	I ordered two of the books out for display and they should aid with quick student assessments. It also really opened my eyes to the challenges dyslexic students face - and how many of them are probably undiagnosed. It would be great if our school systems came up with a way to somehow screen for dyslexia and then also how to address it in the classroom since it affects so many people.	5/15/2016 11:50 AM
