14	I'm an instructional coach and I really liked how the presenters distinguished between mentoring and collaborating. There are some aspects of my job that require to serve in more of a mentor role and others in which I serve in a more collaborative role. I appreciate that the trainers saw value and a time and a place for each of those roles. I hope my district feels the same way.	9/7/2016 10:19 AM

1	The instructor (Gail Jetters?) was one of the best we have ever had at ANY training provided through ESD or any other entity that I have attended. She was able to break down the mentor/mentee roll and really make it something do-able in a practical manner. I appreciated her input greatly!	9/30/2016 3:10 PM
2	Very good professional development!	9/7/2016 10:47 AM
3	It took awhile for the grant money to come through for our district and they have been scrambling to get the program together ever since. In the future it would be nice to have things rolling by the start of the school year as then is when the program would be most helpful.	9/7/2016 10:19 AM
