2	I had no real expectations for this training. I was asked to be a teacher representative from our school in preparation for our move to one-to-one technology next year. I came away with a much deeper appreciation of the work that needs to happen this winter and spring that will prepare us for success next fall. I appreciated that many different perspectives were heard about technology integration and all the questions that I had were answered. Thank you.	1/4/2017 7:23 AM
